R M Daggett is the nominee for Congress Probably no man in the State is so well known as Daggett His name is inseparable from the Enterprise. He is acknowledged the bost newspaper writer on the coast He is a man among men, a giant in intellect, sharp in dobate has a great wa m heart, and as a Ropublican stands at the head of the list. No min is entitled to more from the No corporation collar covers his neck, nobody can justly claim him i thinking, his own talking, and Right is always appermost to his mind. It is of vast importance to the country that men of Daggett's stamp should be in Congress. The Nation will be

the would be a pleasure to do business with him. Though the offile is mostly a clerical one, yet connected to it are important duties which demand that the position shall be filled by one who is fully capable. Babcock is the man state Treasurer.

L. Crockett, of Reno, is the mominee for State Treasurer. The Convention has our thanks for this compliment Mr Crockett is a strong man for the position. He is not only a strong min but a good man, and he will have no trouble in giving the necessary bond, even though a million dollars should be required. Mr. Crockett has been identified with the State from its infancy, has held many positions of public and private trues, and has a record second to no other man in the State. We vouch for him as being as good a custodian of the Treasury as could be selected and we hope his majority will be 5,000.

M A. Murphy, of Aurora, for Attorney General, is warmly endorsed for the position by Judge Hawley and Judge Whitman, a recommendation sufficient to cause all to vote for him. Mr. Murphy has been in Esmeralda since 1863, where he has built up an extensive practice.

for the compliment paid Reno and Washoe county in the nomination of A. J Hatch for Surveyor General Mr. Hatch, we guess, has been a surveyor ever since he was able to carry a chain and handle a compass. For many years he has been Co. Surveyor here, and a U. S. Mineral Deputy, and in that position he surveyed a majority of the lands in this State. His fitness for the position must

therefore be conceded. SUPREME COURT CLERK The Convention paid C F. Bicknell the compliment of a renomination. During his present term Mr Bicknell has shown that he was the right man in the right place As everybody concurs in this opinion, the Democratic candidate will find that the campaign will proceed as usual should be choose to remain at

He does his own Judge; no money can buy him; no corporation can influence bim; a credit to the Bench and a man whom to remove would be a public calamity Irrespective of party every voter in the State should vote to retain him on the Bench. ## THE REPUBLICAN STATE TICKER

The Republican State Convention has done its work and done it well It has presented to the people a ticket and platform upon which every Republican can heartily unite The platform is fully up to the requirements of the times, and just such a platform as the people have been wanting for many years. There is no uncertain ring about it; every note sounds sharp and clear. It is written in such plain English that there can be but one construction. In short the party reaffirms the cardinal doctrines, and upon State mat ters declares that there shall be no repeal or modification of the bullion tax law; declares that if a Republican Legislature is elect ed there shall be legislation upon fares and freights, declares that "The Chinese Must Go,' and, generally, places the party in full accord with the wants of the people. It is a

### EDITORIAL NOTES.

Let us take an example from the Connecticut Republicant, and make a clean sweep in Nevada this Fall. There never was a time in the history of the State when a victory was more necessary, and as we have an excellent State ticket and good county tickets, every Republican should put his shoulder to the wheel. John P. Jones must be returned to the Senate. and Daggett must succeed Wren. Matters of national importance make it the duty of every good Republican to use his utmost endeavors to prices, which brought upon the lasecure this result. The party itself was never more up with the times. It is true to the interests of the peo ple. Let us be true to it.

Reno has been growing steadily the past year, and none recognize this more than those who have not seen the town since last Fair time They are perfectly astonished at the progress the town has made. They express delight at the many marks of improvement, the new and elegant houses, the stately pavilion, and the many evidences of prosperity on the outside.

The Pair is a success in the fullest ense of the term. The fact is established beyond question that Reno has justly carned the right as the place for the State Fair. It is really wonderful what has been done with out State sid. It should be one of the first duties of the next Legislature to provide some plan whereby State aid can be given to the Fair, so that its usefulness may be increased.

The Wren bullion tax amendment was adopted by the State Convin tion We remember the circum stances distinctly, and the party stands pledged that there shall be no repeal or modification of the bullion ax law.

PAPER MONEY Are confronted by the experiences of past centuries. In Patriarchal times daves and cattle were used as "living money," and metals as "dead money " wife Sarah in Machpelah, bot did not paying therefor in Ben Butler's rag mont Courser, money, but "weighed four hundred shekels of silver, current money with the merchant." The early colonies,

were pushed into the use of flat pa-

Southern Confederacy also set their presses at work during the Rebellion, and money was so plenty and cheap that a market basket full of it was required at the Confederate Capital to purchase a dinner for an ordinary family. It took \$400 of this paper to buy a laborer a pair of shoes, and the necessities of life bore fabulous boring classes great suffering and distress. Yet there was an unlimited issue of flat money such as Butler. Voorhees, Thurman, and other aforetime hard-money men, new propose as a panacea for all our ills. They see in an unlimited issue of paper money the dawn of a financial Millenium, when every poor man shall have his pockets distended with macerated rags, upon which the Government shall print in beautiful letters, This is money." We tried the exp\_mment DURING THE WAR

And remember the barden it imposed on all classes, none suffering so severely as the laborer and mechanic. Can it be possible that we desire to pass through the same pe-

riod of shifting values and voluntarily lay upon Jurselves and the entire community the burdens borne during those years when money was both cheap and plenty, and bread and all the necessaries of life excessively high? Rig money patriots propose to take up the Government bonds and assue this cheap money in their place Who are to be affected by this change? The bonds owned by savings banks represent savings of the muses, deposits made by laborers and mechanics. Widows and orphans are interested in these bonds through the acts of trustees, administrators or courts. Every holder of in Insurance Policy, every depositor in a bank, all benevalent, educational, charitable and religious associations have an interest in maintaining the credit of Government bonds, and sub stitution of greenbacks in their place connet be made without destroying confidence and bringing utter

For a time laboring men were captured by it, but they are now beginning to realize that cheap money and affactu ating currency doubles the cost of every article necessary in the support of a family, while the real bene fits will be felt and enjoyed by the Butlers and their political confreres, whose bloated wealth will render such a condition of metability of values a grand and glorious opportunity to speculate upon the misfortunes of their fellow men.
